

6ο ΔΙΕΘΝΕΣ ΣΥΝΕΔΡΙΟ
ΤΗΣ ΠΑΓΚΟΣΜΙΑΣ ΈΡΕΥΝΑΣ ΣΤΗΝ ΟΜΟΙΟΠΑΘΗΤΙΚΗ
Θεσσαλονίκη 20-22 Ιουνίου 2025

Αποτελεί μεγάλη τιμή για την πατρίδα μας η πραγματοποίηση του 6ου Διεθνούς Συνεδρίου της παγκόσμιας Έρευνας στην Ομοιοπαθητική που θα πραγματοποιηθεί στη Θεσσαλονίκη από τις 20-22 Ιουνίου 2025 με θέμα **Cutting Edge Research in Homeopathy**.

Μετά την επιτυχία των προηγούμενων συνεδρίων που έλαβαν χώρα στη Βαρκελώνη, στη Ρώμη, στη Μάλτα και στο Λονδίνο το 6^ο Διεθνές Συνέδριο της παγκόσμιας Έρευνας στην Ομοιοπαθητική θα φιλοξενήσει τους καλύτερους ερευνητές στο πεδίο από όλο τον κόσμο, όπου θα παρουσιάσουν ένα πρόγραμμα αφιερωμένο αποκλειστικά στην υψηλής ποιότητας επιστημονική έρευνα.

Τα συνέδρια HRI, που παραδοσιακά πραγματοποιούνται κάθε δύο χρόνια, αποτελούν το αποκορύφωμα της έρευνας στην ομοιοπαθητική, παρέχοντας ένα μοναδικό φόρουμ για την ανταλλαγή ιδεών και τη δημιουργία διεθνών επιστημονικών συνεργασιών περιλαμβάνοντας θέματα όπως Κλινική έρευνα (ποσοτικές, ποιοτικές και μικτές μέθοδοι), Πρόληψη, Βασική και Εργαστηριακή έρευνα, Παθογενετικές μελέτες, Κτηνιατρική έρευνα στηριγμένων σε αποδείξεις (Evidence based).

Επιστήμονες, κλασικοί και ομοιοπαθητικοί κλινικοί γιατροί αναζητούν απαντήσεις σε βασικά ερωτήματα, όπως πώς λειτουργεί η ομοιοπαθητική και τι μπορεί να θεραπεύσει, χρησιμοποιώντας τις πιο αυστηρές και νεότερες επιστημονικές μεθόδους.

Το φετινό συνέδριο έχει ιδιαίτερη σημασία, καθώς τελεί υπό την αιγίδα του Υπουργείου Υγείας της Ελλάδας και του Ιατρικού Συλλόγου Αθηνών, του μεγαλύτερου ιατρικού φορέα της χώρας με 25.000 μέλη.

Ο Πρόεδρος του Ιατρικού Συλλόγου Αθηνών Δρ. Γιώργος Πατούλης, θα απευθύνει διαδικτυακή ομιλία κατά την Τελετή Έναρξης, αντανακλώντας το αυξανόμενο ενδιαφέρον για την ομοιοπαθητική που βασίζεται σε στοιχεία στην ελληνική ιατρική κοινότητα.

Περισσότερες πληροφορίες μπορεί κάποιος να αναζητήσει στο site <https://www.hrigreece2025.org/>.

Ακολουθεί το πρόγραμμα του Συνεδρίου.

6th HRI International Homeopathy Research Conference
Cutting Edge Research in Homeopathy
Thessaloniki, Greece | 20-22 June 2025

Conference Programme

Conference Registration

THURSDAY 19 JUNE 2025

19:00 – 20:30	Registration
19:00 – 20:30	Welcome Drinks

Day 1 - Cutting Edge Research in Homeopathy

FRIDAY 20 JUNE 2025

FULL DAY PLENARY SESSIONS

09:30 – 09:50	Opening Ceremony
09:50 – 11:00	Provings/Economics Prof ASHLEY ROSS , South Africa. <i>“Similia Similibus Curentur”</i> : Ensuring the dependability of modern <i>Materia Medica</i> Prof THOMAS OSTERMANN , Germany. Overview and quality assessment of health economic evaluations for homeopathic therapy: an updated systematic review
11:00 – 11:30	Coffee
11:30 – 13:00	Clinical Research 1 Rachel Roberts , UK. <i>Evolving evidence: Examining the status of clinical research in homeopathy in 2025</i> Dr Marcus Reif , Germany. <i>Antibiotic prescription and course of therapy in homeopathic, anthroposophic and conventional primary care in the treatment of acute upper respiratory tract infections – a non-interventional study</i> Dr Harleen Kaur , India. <i>Management of trigeminal neuralgia with add-on homeopathic medicines – A double blind, randomised, placebo-controlled pilot study</i> Prof Ubiratan Adler , Brazil. <i>Homeopathy as a personalized adjuvant approach in treating major depressive disorder: An N-of-1 study and physicochemical analysis of homeopathic preparations</i>
13:00 – 14:30	Buffet Lunch
14:30 – 15:50	Theory/Basic Research 1 Dr Alexander Tournier , Switzerland. <i>How does homeopathy work? A scoping review of proposed modes of action – part 1: bibliometric analysis</i> Dr Maria Fernanda Aguilar-Dueñas , Mexico. <i>Ultra-high dilutions and their immunological impact in healthy patients: A pilot randomized single-blind study</i> Prof Oskan Tasinov , Bulgaria. <i>In vitro effect of Ferrum phosphoricum D12 on translation of inflammation and iron metabolism related proteins in LPS stimulated J774A.1 mouse macrophages</i> Dr Sandra Tribolo , France. <i>Anas barbariae 200K improves phagocytosis, modulates cell stiffness and oxidative stress in microglial cells in vitro</i>
15:50 – 16:20	Coffee

16:20 – 17:30

Organisation Updates & Poster Talks

HRI, GIRI and FYR updates

Poster Talks

Dr Christa Raak, Germany. *Gene expression analyses of Sulfur activated CD4+ T lymphocytes from patients with periodontal inflammation and a healthy control group – a protocol*

Christoph Dombrowsky, Switzerland. *NMR T1 and T2 relaxation times of potentized preparations*

Dr Petra Weiermayer, Austria. *Assessing the feasibility of a two-cohort design to assess the potential of homeopathic medicinal products to reduce antimicrobial resistance in turkeys – study protocol*

Dr Daniel Wrzałko, Poland. *Patient-specific responses towards homeopathic preparations revealed by chromatographic patterns of an in vitro human blood test*

17:30 – 19:30

Poster Session & Drinks Reception

20:00

Dinner at traditional Greek restaurant

Day 2 – Cutting Edge Research in Homeopathy

SATURDAY 21 JUNE 2025

MORNING PLENARY SESSIONS

09:30-11:00

Agrohomeopathy

Prof PEDRO BOFF, Brazil. *Insights from two decades of research in agrohomeopathy*

Paul Doesburg, Switzerland. *Development of a simple bioassay to enable citizen science projects in basic homeopathic research*

Dr Leonardo Faedo, Brazil. *The use of homeopathy in agriculture: a systematic literature review*

Roundtable – Agrohomeopathy

11:00 – 11:30

Coffee

11:30 – 12:50

Clinical Research 2

Dr DANIEL GALLEGÓ-PÉREZ, Colombia. *Integration of traditional, complementary, and integrative medicine (TCIM) in the institutionalization of evidence-informed decision-making*

Dr Esther van der Werf, UK. *Insights from studies on homeopathy and antimicrobial resistance: a research program to enhance research quality and evidence*

Dr Robbert van Haselen, France, and **Dr Martin Loef**, Germany. *Comparative clinical research on homeopathy: a series of systematic reviews with meta-analyses (HOMA) – project outline*

Roundtable – Clinical Research

12:50 – 13:00

HRI Poster Prize Award

13:00 – 14:30

Buffet Lunch

AFTERNOON PARALLEL SESSIONS

14:30 – 15:50

Clinical Research 3

Dr Yvonne Fok, Hong Kong. *Validating the repertory of the future – towards data-driven homeopathy*

Dr Andrea Flores, Mexico. *The importance of knowing the patients: Characteristics and motivations of people who choose homeopathic treatment in Mexico and Latin America*

Dr Hélène Renoux, France. *HOMEOPRO qualitative trial – Homeopathy in chronic conditions*

Dr Deepti Singh, India. *Usefulness of individualized homoeopathy versus standard allopathic treatment in acute uncomplicated urinary tract infection (UTI): a randomised comparative trial*

Basic Research 2

Dr Vincenzo Rocco, Italy. *Biological effects of xerosydryles obtained from Arnica and Belladonna 12CH homeopathic dilutions*

Prof Leoni Bonamin, Brazil. *Solvatochromic dyes as probes of dynamized high dilutions under different experimental conditions*

Dr Steven Cartwright, UK. *The electrical, magnetic and photonic properties of homeopathic potencies*

Dr Bindu John Pulparampil, India. *Cell cycle inhibition and apoptosis induction by Calcarea carbonica 6C in SW 982 and SKOV-3 Cell lines*

15:50 – 16:20

Coffee

16:20 – 17:40

Basic Research 3

Dr Ritika Narula, India. *Evaluation of therapeutic potential of selected plant derived homeopathic medicines for their action against cervical cancer*

Dr Tiziana di Giampietro, Italy. *Symphytum officinalis's anti-inflammatory and regenerative effects on human fibroblast and osteoblast cell lines with extracellular vesicle profiling*

Prof Carla Holandino, Brazil. *Anti-tumoral potential of ultra-diluted Viscum album preparations in murine melanoma cells: insights from in vitro studies*

Dr Imane Lejri, Switzerland. *Neuroprotection via high-dilution Gelsemium: mitochondrial optimization and Akt/mTOR pathway activation*

Clinical Research 4

Dr Jean-Lionel Bagot, France. *Applying the Delphi method to the new integrative homeopathic cancer care recommendations of the International Homeopathic Society for Supportive Care in Oncology (SHISSO)*

Prof Vania Emerich Bucco de Campos, Brazil. *Homeopathic intervention for tobacco addiction: a Brazilian experience*

Dr Bhuvaneswari Rajachandra sekar, India. *Insights on effectiveness of homeopathy in alcohol use disorder in individuals with a family history of alcoholism-a retrospective study*

Dr Debadatta Nayak, India. *Effectiveness of Eupatorium perfoliatum 30C in preventing dengue fever-a prospective, community-based, open label, parallel cohort study in Delhi, India*

20:00

Gala Drinks Reception

20:30

Gala Dinner

Day 3 – Cutting Edge Research in Homeopathy

SUNDAY 22 JUNE 2025

HALF DAY PLENARY SESSIONS

09:20 – 10:40

Theory/Basic Research 4

Dr Michel van Wassenhoven, Belgium. *Characterization of the material and electrodynamic aspect of high Homeopathic potencies*

Prof Jayesh Bellare, India. *Detection and characterization of nanoparticles in homeopathic drugs*

Prof Stephan Baumgartner, Switzerland. *A narrative review of 30 years of basic research in homeopathy*

[Roundtable – Mechanism of Action](#)

10:40 – 11:10

Coffee

11:10 – 12:30

Veterinary Research

Dr Ritika Narula, India. *Therapeutic potential of selected homeopathic drugs in different potencies against neonatal calf diarrhoea*

Dr Cidéli Coelho, Brazil. *Treatment of platynosomiasis in callitrichids using the biotherapeutic *Platynosomum* sp 30 cH and ultrasound monitoring*

Prof PATRIZIA BRICARELLO, Brazil. *Homeopathy for the promotion of One Health in agroecosystems*

12:30 – 12:40

Closing ceremony

Please note, this programme is subject to change.
